

Brillantmont International School

Fully accredited by the Council of International Schools and the New England Association of Schools and Colleges | Founded in 1882 | Director: Mr. Pasche

Brillantmont International School is located in a leafy park in the centre of Lausanne, overlooking Lake Geneva and the Alps, just 40 minutes from Geneva International Airport. The school has remained in the same family since its foundation in 1882 but has constantly evolved to best meet the needs of its student population, which represents over 35 different nationalities.

Academics

Brillantmont International School is fully accredited by the Council of International Schools and the New England Association of Schools and Colleges.

The school prepares boys and girls aged 13–18 to enter universities throughout the world via either the British Programme which prepares IGCSE and A Level examinations or the American Programme, the completion of which leads to the High School Graduation Diploma. SAT and TOEFL prep are offered and students are closely guided in their future choices by our experienced college counselors.

Small class sizes and a strong emphasis on technology in the classroom create an ideal learning environment for our students. Our interactive website facilitates academic contact between all members of the school community – parents, students, teachers and the Direction.

Certain programmes are offered to students unable to stay for a complete school year.

Boarding

Brillantmont International School welcomes 150 students, of which around 90 are boarders. They are housed in single or twin-bedded rooms in the various boarding houses, which are organized according to age and gender. A resident housemaster and housemistress supervise the boarders whilst aiming to maintain a family atmosphere of dialogue and exchange. A nurse looks after our students' health and organizes regular workshops which deal with their well-being. The recently renovated accommodation is of an excellent standard and areas of relaxation and leisure aim to create a home from home.

Sporting and leisure activities

Brillantmont International School is proud to offer a wide range of sporting activities which take full advantage of the local amenities and the seasonal offerings. School teams compete against other nearby schools in beach volleyball, unihockey, basketball, tennis, football and swimming. During the winter, ski trips take place every weekend and a full week of skiing takes place in February.

After school clubs are offered to every student, covering a range of activities such as Yearbook, Model United Nations, drama, music, art, photography and students are encouraged to develop their interests by joining the weekly excursions and the regular cultural trips which take place throughout the year.

Summer School

Brillantmont International School offers a summer school in July and August for 12–17 year old boys and girls who come for a flexible stay of two to six weeks. French or English classes in the mornings are followed by sports in the afternoons. Round the clock supervision and a clear set of rules ensure that each student is in total security. On the full day excursion on Sundays students can enjoy rock climbing, dirt mountain biking, mountain karting or visit Chillon castle whilst on Wednesday afternoons class excursions allow the students to see the Olympic Museum, a chocolate factory, a watch factory and a cheese factory amongst others.
